STORYBOARD HOMEWORK /20MARKS

- 1) Analyse how character expressions influence the emotional tone of a scene. Provide two examples.
- 2) Evaluate why inconsistent character style (realistic vs cartoonish) can weaken visual storytelling.
- 3) Analyse how background details support or change the mood of a scene.
- 4) Compare a high-angle shot and a low-angle shot of the same character. Analyse how each changes viewer perception.
- 5) Compare subtle visual effects vs exaggerated effects. Analyse which supports storytelling more effectively.
- 6) Analyse how one-point perspective differs from two-point perspective in guiding the viewer's eye.
- 7) Compare symmetrical and asymmetrical balance. Analyse which one creates more visual interest and why.
